

## TENDER SOLUTIONS

Tender Solutions is the answer to your tender handling issues. We offer a range of “off the shelf” handling systems plus a bespoke service for Production Boat builders, Tender Manufacturers or an end user with a unique problem.

- Systems for tenders from 6ft (2M) to over 30ft (10M) LOA
- No tender shape is too complicated
- We use 316L Stainless Steel to ensure longevity in service
- We only use the finest Brenderup and Stoltz rollers
- We can accommodate almost any needs
- We use Solidworks to design your bespoke system.
- We work with you to produce the best Tender Solution

**Tender Solutions**
  
*Handling made simple !*

## Benefits of a Tender Solutions System

- Custom designed for your application
- Mirror Polished 316L Stainless Steel
- Waterjet Cut parts for corrosion resistance, strength and accuracy
- In house CNC milling and turning of components
- Experienced Design Team
- Approved by major boat builders
- Adaptable to different types of watercraft
- Turntable systems a specialty
- In the unlikely event; all spares are readily available
- Light weight due to intelligent design
- On site consultation, measurement and installation if required.
- Surprisingly affordable!
